Zakaria Hansali

DATA & ANALYTICS CONSULTANT INTERN

Why Deloitte Belgium? I am applying for the **AI & Data** and **Risk Analytics** teams. As a trilingual Data Science student (B.U.T. STID), I bridge the gap between technical complexity (Python/SQL) and business impact (Dashboards/Strategy). I am eager to bring my analytical rigor and adaptability to client projects in Zaventem starting February 2026.

RELEVANT EXPERIENCE (CONSULTING & TECH)

GenAI Performance Strategy (R&D)

AI & Data Team Fit

- Context:** Benchmarking advanced AI inference engines (vLLM vs SGLang) to optimize cost and latency.
- Consulting Approach:** Defined a testing protocol, analyzed trade-offs, and delivered a recommendation report.
- Tech Stack:** Python, Cloud Infrastructure, Docker.

End-to-End Data Pipeline Engineering

IT, Data & Analytics Team Fit

- Context:** Processing high-volume telemetry data (Gaming logs).
- Action:** Engineered an automated ETL pipeline (Extract, Transform, Load) to ensure data quality and availability.
- Impact:** Transformed raw unstructured logs into a clean SQL database ready for analysis.

Business Intelligence Dashboarding

Risk Analytics Fit

- Designed interactive **Power BI** dashboards to monitor performance KPIs.
- Translated complex data into clear visual insights for stakeholders.

EDUCATION

B.U.T. Statistics and Business Intelligence (STID)

2022 – Present / France

- Focus: Data Management, Statistical Analysis, and Decision Support Systems.
- Equivalent to a 3-year Bachelor's degree (180 ECTS).

LEADERSHIP & SOFT SKILLS

E-Sport Team Manager: Led a competitive team in an international environment, developing resilience and strategic thinking.

Adaptability: Multicultural background (Spain/France), ready to integrate into Deloitte's diverse workforce.
